### Matthew's Experience

Matt brings over 12 years' experience, the majority in a Big-4 consulting environment, assisting clients access Australian R&D Tax Incentive and Grant funding across a broad spectrum of industries and activity types. With his extensive experience, Matt is ideally placed to provide detailed guidance on industry best practise and direction to ensure claims and all required compliance activities are conducted efficiently and to the highest standard. With additional direct experience and connectivity in R&D financing, Matt's guidance can truly optimise your businesses cash position while progressing through your business' development phases.

The competitive, merit-based grant landscape is constantly evolving with the Government's agenda and community concerns, requiring constant attention to maintain an understanding of current and upcoming funding priorities. Collectively, Matt has supported clients that have been awarded over \$60M in grant funding across a wide spectrum of competitive funding programs and with a particular interest and focus on renewable energy projects, ~\$25M from ARENA grants alone.

Before transitioning to consulting roles, Matt had 10 prior years of experience in both the wealth management and funds management via roles with ING Australia, JP Morgan and Thames River Capital (UK).

## Innovation Funding Managed.
